CAMPER 4X4

GaZell" JK

La **GaZell" JK** est le fruit d'une collaboration entre la société BBF GaZell" et la société AEV (Altitude Expert Véhicules) fan de Jeep. La réalisation de ce projet a abouti à la naissance de la GaZell" JK, une **cellule habitable** discrète et parfaitement intégrée au look inimitable de la **Jeep Wrangler JK**.

La **GaZell" JK** est un KIT entièrement démontable, sans perçages et sans aucune modification du véhicule. La partie arrière est allongée de 38 cm avec un nouveau **toit relevable** créant ainsi un bel espace intérieur habitable.

Son **aménagement intérieur** a été conçu pour optimiser au maximum les nombreux rangements. Deux types d' aménagements intérieurs sont proposés pour **2, 3 ou 4 couchages** comprenant en plus une cuisine équipée, 2 banquettes avec table et des WC (selon versions).

La **GaZell" JK** est spécialement conçue pour la **Jeep Wrangler JK 4 portes (depuis 2006)**. Elle a l'avantage de conserver ses 5 places assises : c'est un excellent compromis pour partir en Jeep avec tout le confort d'une cellule habitable.

Elle est très **Compacte**, la largeur d'origine de la Jeep 4X4 n'a pas été modifiée. La hauteur a été augmentée de 9 cm, ce qui lui donne une **hauteur inférieure à 2 mètres** : c'est la seule cellule habitable sur le marché du 4x4 inférieure à 2 m.

Son **poids plume** (de 80 kg à 180 kg selon les versions) permet à votre Jeep 4X4 de se faufiler partout tout en conservant ses capacités de franchissement. La **GaZell" JK** a déjà séduit de **nombreux Jeepeurs**.
