

CAMPER 4X4

GaZell" V2

Designed for Adventure

GaZell" V2

S'appuyant sur le succès de la GaZell" V1 dans de nombreux pays, une autre version s'est naturellement imposée : la GaZell" V2.

C'est une **cellule Amovible** qui reste tout aussi **compacte** avec sa **faible hauteur**, son **poids plume** (de 245 kg à 490 kg environ selon les versions) et ses faibles dimensions extérieures (1.72 m de largeur).

La GaZell" V2 est disponible pour tous les pick-up du marché actuel : **Cabine Approfondie** et **Double Cabine**.

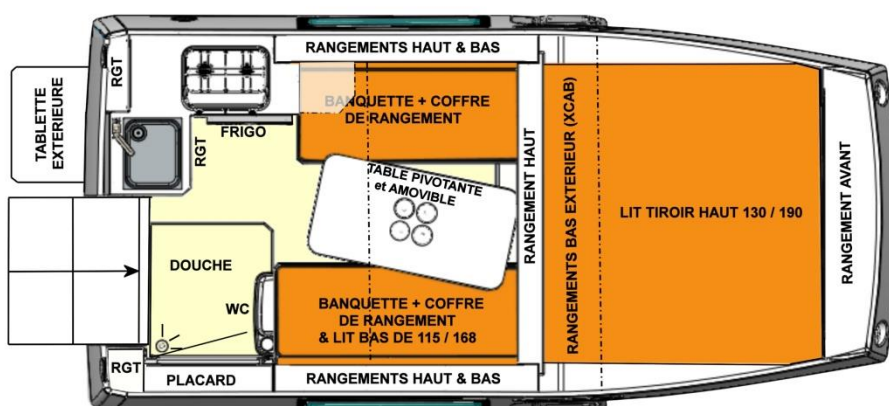

Son entrée extérieure est équipée d'un large **escalier intégré** dans la porte pour permettre un accès confortable. La GaZell" V2 possède un rangement accessible de l'extérieur intégrant une **tablette rabattable** pour les pic-nic rapides ou pour bricoler. Ces avantages en font le meilleur compromis pour une cellule amovible permettant de conserver la benne de votre pick-up 4x4.

Son **aménagement intérieur** de grande qualité est conçu pour un **maximum de confort**. La GaZell" V2 est équipée de 4 couchages, de 2 grands coffres sous les banquettes, ainsi que de nombreux rangements, d'une cuisine équipée en forme de « L » avec tablette relevable pour agrandir le plan de travail, d'une douche et d'un WC (selon les versions). Toutes ces fonctionnalités réunies en font un atout sans précédent pour **partir à 2 ou en famille** dans le plus grand confort.

Héritant de l'expérience de la GaZell" V1 qui a déjà parcouru des milliers de kilomètres aux 4 coins de la planète, la GaZell" V2 garantit la fiabilité et la qualité des matériaux qui ne sont plus à prouver. Elle est **construite pour durer**.

Son **design** hors du commun, son concentré de technologie et sa qualité de fabrication en font une **référence de sa catégorie**.

La GaZell" V2 a été spécialement conçue pour assurer votre confort aussi bien pour les **Loisirs** que pour les **Voyages lointains**, tout en gardant les capacités de votre pick-up 4X4 sur route et au-delà des sentiers battus.
